

Women's Health and Cancer Rights Act Enrollment Notice

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema?

Call your plan administrator to help put you in contact with someone who can provide more information:
(425) 551 - 0818 | Lynette Jacobson
