

Coast Property Management now covers **Regenexx**

What is Regenexx? Regenexx uses your body's natural healing agents to replace the need for up to 70% of elective orthopedic surgeries by using your stem cells and blood platelets to treat your damaged bone, cartilage, muscle, tendon, and ligament tissues.

What is Telemedicine?

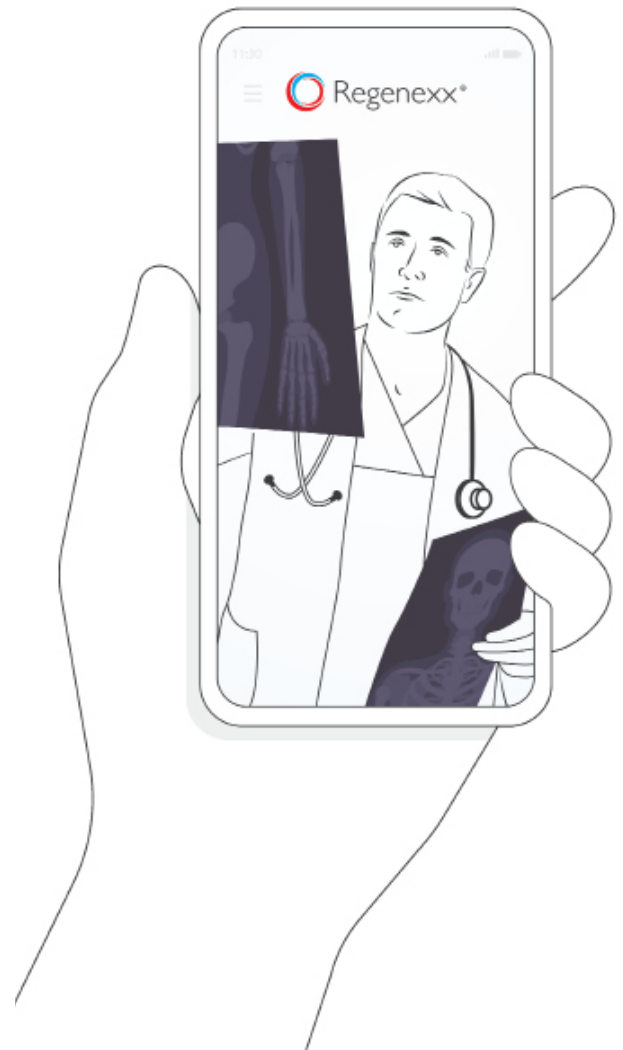

- Evaluations completed via video from the comfort of your home
- Time with expert Regenexx physicians
- Regenexx self-evaluation protocol may eliminate the need for advanced imaging
- Understand your candidacy for a procedure

Are you a candidate?

We provide candidacy ratings of good, fair, and poor to Regenexx patients so you understand how likely you are to benefit from a procedure. There are a number of factors that impact candidacy and you can learn more about them from a Regenexx Patient Liaison.

Scheduling a phone evaluation

Our dedicated Regenexx Patient Liaisons understand Coast Property Management's benefits and will guide you through the process of finding the clinic nearest to you and scheduling your telemedicine evaluation.
